

# Insurance discount request for installation of the EZ-Lock passive arming vehicle and equipment anti-theft system .

Dear Insurance Agent:

The installation of a (passive) No Theft "EZ-Lock" System is equipped on my vehicle or equipment. This System is a passive arming electronic lockout module. It is always armed until a known code is transmitted and the system enables the vehicle to start. This is the number one recommended type of anti-theft and qualifies my account for the maximum amount of discount in my policy. For more information to help me receive this full benefit, please go to : [www.ez-lock.net](http://www.ez-lock.net) for complete details.
